Re: John J Riley Superfund Site (Site)
Administrative Settlement Agreement and Order on Consent for Removal Action
CERCLA Docket Number 01-2006-0096

Dear Mr. Myrick:

I have received your report entitled "Completion of Work Report" dated October 30, 2006 and prepared for Organix LLC (Respondent) pursuant to the above-referenced Administrative Settlement Agreement and Order on Consent (ASAOC). I have found it to be an adequate documentation of site activities performed under the ASAOC, and no further revisions are necessary. The provisions within the ASAOC have been met, and the Respondent has no further obligations under this ASAOC.

Please be advised that this determination does not constitute a release from liability, covenant not to sue, or waiver of any claims which EPA may have against the Respondent. In addition, be advised that this determination does not limit EPA's authority under CERCLA or any other law to take future response actions at the Site.

EPA reserves all rights with respect to the Site including, but not limited to, the right to initiate judicial or administrative enforcement actions, the right to recover costs incurred by the United States in connection with the Site, and the right to undertake further response actions and recover the costs of such actions from the Respondent or any other responsible parties.

If you have any questions, please call me at (617) 918-1278.

Sincerely,

A handwritten signature in black ink, appearing to read "Frank Gardner".

On-Scene Coordinator
